The purpose of this Program Memorandum (PM) is to transmit State level changes in the administration of the SFMNP. The California Department of Health Services, Women, Infants, and Children Supplemental Nutrition Program (WIC), previously administered this program in collaboration with the California Department of Aging (CDA). Past (pilot program) efforts exceeded initial performance expectations, with redemption rates that were higher than experienced with the WIC population.<sup>1</sup> Starting with the 2003 market season (running from spring through fall of 2003) CDA will assume lead State responsibility for the SFMNP. This year, CDA will receive budget spending authority for the United States Department of Agriculture (USDA) grant that supports the SFMNP, and will implement a coupon redemption tracking system through the State Treasurer's Office (STO) to manage the distribution of the coupons during the market season.

The following guidance is provided to the AAAs for the 2003 market season. This guidance includes: 1) the methodology used to determine the allocation of the CDA SFMNP coupon booklets to AAAs; 2) transmits information on changes to the benefit level of the SFMNP; and 3) transmits the updated SFMNP Tool Kit containing the policies and procedures for the 2003 market season.

<sup>1</sup> Survey findings indicated that 50% of the SFMNP participants had not previously attended a farmers' market. Many participants stated that they were eating more fresh fruits and vegetables as a result of the program and that they would go to a farmers' market again as a result of the program.

Because StayWell funding has been used to support the SFMNP, this PM will refer to this program as the StayWell SFMNP. Detailed policies and procedures are included in the SFMNP Tool Kit attached to this PM.

## **I. StayWell SFMNP Coupon Booklet Allocation Criteria**

- A. Statewide allocation of the SFMNP coupon booklets considered the following factors:
  - 1. AAAs that expressed interest in participating in the SFMNP and willingness to follow all policies and conditions of the program.
  - 2. The amount of the USDA grant and the amount of administrative funds available to cover program administrative costs.
  - 3. The percentage of the number of low-income older individuals in each Planning and Service Area, based on the 2000 census.
  - 4. The ability to provide outreach to all eligible seniors, including Title VI Native Americans.
- B. Reallocation of StayWell SFMNP coupon booklets by CDA during the course of the 2003 market season may be needed to fully spend the grant funds available. This process also ensures maximum expenditure of grant funds, making future funding more likely. Reallocation of funds will be based on the following:
  - 1. The use of coupons in each AAA. CDA will monitor the number of coupons redeemed through the STO in order to determine each respective AAA's success in getting the coupons used (redeemed).
  - 2. Based on 1 above, the AAA's ability to distribute additional coupons in a timely manner.

Since the Department is still finalizing the exact amount of SFMNP funds available, AAA allocations will be sent out directly to the designated AAA contact and the AAA director.

## **II. Changes to the Senior Farmers' Market Nutrition Program for 2003**

- A. The benefit value for each StayWell SFMNP coupon booklet is \$20.
- B. SFMNP Form Changes (forms are included in the attached SFMNP Tool Kit):
  - 1. Receipt of Senior Farmers' Market Nutrition Program Coupons [CDA - SFMNP - 301(04/03)]. Please note this form has been changed to include a signature and certification by the AAA director that all policies and procedures of the 2003 SFMNP season will be followed.

2. Coupon Issuance Log (CDA - SFMNP #2). This form is now an Excel document to facilitate entering of coupon booklet serial numbers.

### **III. StayWell 2003 SFMNP Tool Kit**

The attached StayWell SFMNP 2003 Tool Kit includes the following policies and procedures:

- SFMNP Receipt, Allocation, and Accountability.
- SFMNP Participant Nutrition Education.
- SFMNP Complaint Procedures.

### **IV. Nutrition Education Handout**

Nutrition education handouts for SFMNP participants will be sent directly to each AAA participating in the 2003 SFMNP by CDA. The number of handouts sent is based on the number of SFMNP coupon booklets the AAA is to receive. A sample of the handout is included in the SFMNP Tool Kit.

CDA understands and appreciates that AAAs and their providers are willing to participate in the SFMNP although there are no administrative funds available to support these efforts. A successful SFMNP could not be accomplished without their dedication to the program. Thank you in advance for your cooperation. Please contact your assigned AAA-Based Team Nutritionist if you have any questions about this PM.

# Eat Fresh Fruits and Vegetables

Add Color and Health to Your Diet with the Original Fast Foods

Think of fresh fruits and vegetables as the original fast food. Once properly washed, choices such as cherry tomatoes, grapes, baby carrots, tangerines, cherries, and peaches can be eaten on the spot, without any preparation at all. Buying a wide variety of produce means that you can enjoy the nutritional advantages that fruits and vegetables offer.

Choose from the colorful pallet of California fruits and vegetables!

Fruits and vegetables get their colors from natural pigments. They make food appealing, and tip you off to ripeness and flavor.

**Red** - tomatoes, pink grapefruit, and watermelon

**Red/purple** - blueberries, strawberries, beets, red and blue grapes, red cabbage, plums, red apples, plums, and cherries

**Orange** - acorn and butternut squash, pumpkins, sweet potatoes, apricots, carrots, and cantaloupe

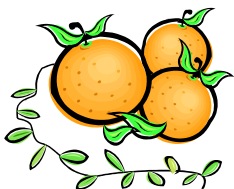

**Orange/yellow** - peaches, oranges, tangerines, and nectarines

**Yellow/green** - corn, cucumber (with skin), green beans, green peas, yellow and green peppers, honeydew, kiwi, romaine lettuce, and spinach

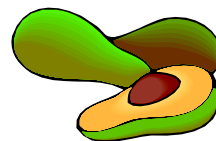

Do Your Part to Help California Save Energy

To learn more about saving energy, visit the CDA web site at [www.aging.ca.gov](http://www.aging.ca.gov)

## Is it ripe yet?

Fruits and vegetables are most nutritious and delicious at their peak quality. When selecting fresh produce, you'll want to consider ripeness.

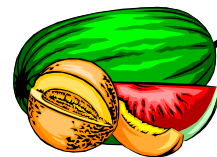

While some fruits and most vegetables do not continue to ripen after they are picked, there are certain fruits that do.

For fruit that requires additional ripening, you have several options: at room temperature, in the refrigerator, or in a paper bag.

When ripening at room temperature, place fruit in a cool, dry place. Fruit stored in the refrigerator will continue to ripen, but at a slower rate.

### Fruits That Continue to Ripen After Picking

Apricots	Cantaloupe	Kiwifruits	Pears
Avocados	Honeydew	Nectarines	Plums
Bananas	Other Melons	Peaches	Tomatoes

### Fruits That Don't Continue to Ripen After Picking

Apples	Grapefruit	Limes	Tangerines
Berries	Grapes	Oranges	Watermelon
Cherries	Lemons	Strawberries	

### Cleaning Fruits & Vegetables

Careful washing of produce is important. To clean fresh fruits and vegetables, wash and scrub them thoroughly under running water. This works better than soaking because running water has an abrasive Effect that removes dirt, bacteria, and chemical traces from the surfaces and crevices of the fruits and vegetables.
